7. Extended Matching Items / Questions (EMI /EMQ)
Each EMI /EMQ will broadly have the following components.
• Theme & Focus
• Answer option list
• Lead in question
• Scenarios or Vignettes
There will be two or more scenario / vignette related to the overall Theme & Focus of the question
• The candidate should select the best possible answer from the Answer Option List.

Theme & Focus
Fatigue
Answer Option List
A. Thalassemia
B. Acute Leukemia
C. Hereditary Spherocytosis
D. Non-Hodgkins Lymphoma
E. Hodgkin Disease
F. Multiple Myeloma
G. Megaloblastic Anemia
H. Chronic Myeloid Leukemia

Lead in question
For each of the following patients as described in the scenarios below, identify the cause from the above Answer Option List

Case 1
A 30-year-old male presented with fatigue and pain abdomen of six months duration. On examination, he is anemia and has multiple, cervical lymph nodes around 1cms in size, hepatomegaly to the extent of 2 cms below costal margin and a spleen that is enlarged to 10 cms below costal margin. Laboratory examination reveals Hemoglobin of 7G/dL, Total Leukocyte Count of 85.6 X10⁹ /L and Platelet Count of 326 X10⁹ /L. The peripheral smear showed mild anisocytosis and poikilocytosis of Red Cells. Normoblasts were not seen. There were increased numbers of neutrophils and neutrophil precursors and few basophils were identified. Occasional blasts were seen. The Differential Count was:
- Blasts 1%
- Promyelocytes 1%
- Myelocytes 8%
- Metamyelocytes 7%
- Band Forms 22%
- Neutrophils 41%
- Eosinophils 2%
- Basophils 2%
- Lymphocytes 12%
- Monocytes 4%
Numerous platelets were identified singly or in clumps.
What is your diagnosis?

Case 2
A 25 year old male was detected to have pallor and mild icterus by his Family Physician whom he consulted for fatigue since about a year. He gives a history of cholecystectomy for gall-stone disease. He could not give any detailed family history except that his father and paternal grand-father were known to be “anemic”. Neither he nor his family members ever needed blood transfusions. On Physical Examination, his spleen was palpable 3 cms below costal margin.
Laboratory investigations revealed:
- RBC 3.62 x 10¹²/L
- HGB 10.3 G/dL
- HCT 30.1 %
- MCV 85.1 fl
- MCH 27.6 pg
- MCHC 32.6 g/dL
- RDW 17.9
Reticulocyte count was 15.6%
Serum Iron Studies did not reveal any abnormality
Hemoglobin electrophoresis was normal
Total Bilirubin was 3.2 mg/dL and the Conjugated Bilirubin was 0.5 mg/dL.
What is your diagnosis?
Correct answer: (+) No of scenarios /1 and
Incorrect answer: (-) No of scenarios /1

The number of scenarios may vary
8 **SCHEME OF MARKING**

- Please see the individual explanations above and the table below.
- No credit will be given for the questions not answered or marked for review (*Questions marked for review shall be considered as unanswered.*)
- Percentile scores are generated for the entire examination separately for MD /MS and for MDS.

9 **MINIMUM CUT-OFF SCORES**

In accordance with decision of the Governing Body, AIIMS dated 14 September 2013, the minimum cut-off necessary in the Entrance Examination to determine eligibility for admission is **50th Percentile.**
10 PERCENTILE SCORES

Percentile scores are scores based on the relative performance of all those who appear for the examination. Basically, the marks obtained are transformed into a scale ranging from 100 to 0 for each group of examinees. The Percentile Score indicates the percentage of candidates that have scored EQUAL TO OR BELOW that particular Percentile in that examination. The highest score is converted to a Percentile score of 100.

The marks obtained in between the highest and lowest scores are also converted to appropriate Percentiles. The Percentile Scores would be converted to 3 decimal places to avoid bunching effect and therefore reduce ties.

The following is a further explanation of the interpretation of the scores in an examination with 100 candidates.

- If candidate A's Percentile score is 100, it indicates that amongst those who have taken the examination, 100% have scored either EQUAL TO OR LESS THAN the candidate A. It also indicates that no candidate has scored more than candidate A.
- If candidate B's Percentile score is 90, it indicates that 90% of the candidates who have taken the examination have scored either EQUAL TO OR LESS than candidate B. It also indicates that remaining candidates have scored more than candidate B.
- If candidate C's Percentile score is 50, it indicates that 50% of the candidates who have taken the examination have scored either EQUAL TO OR LESS than candidate C. It also indicates that remaining half of those who took the examination have scored more than candidate C.
- If candidate D's Percentile score is 30, it indicates that 30% of the candidates who have taken the examination have scored either EQUAL TO OR LESS than candidate D. It also indicates that remaining have scored more than candidate D.
- If candidate E's Percentile score is 1, it indicates that none of the candidates who have taken the examination have scored either EQUAL TO OR LESS than candidate E. It also indicates that all remaining candidates who took the examination have scored more than candidate.

11 METHOD OF RESOLVING TIES

The overall merit / ranking shall be based on the Percentile scores. The method adopted for breaking ties (similar Percentiles) shall be:

(i) Candidates obtaining higher aggregate marks in all the MBBS/BDS Professional Examinations shall be placed higher than candidates with lower aggregate marks in MBBS/BDS Professional Examinations.
(ii) In case there is still a tie, after step (i) above, according to age (Date of birth), the older candidate shall get preference over the younger one.

12 PREPARATION OF MERIT LIST

Merit list shall be prepared based on the Percentile Scores and applying the above method for resolving ties. Overall and Category-wise merit Lists shall be prepared accordingly.
13. RESERVATION OF SEATS

(i) 49.5% of the total Post-Graduate seats (15% for SC, 7.5% ST and 27% for OBC) excluding those for Sponsored/Foreign National candidates are reserved for the candidates belonging to the Scheduled Castes, Scheduled Tribes and the Other Backward Classes (Non-creamy layer).

(ii) EWS Reservation: - Matter regrading Reservation for EWS in AIIMS, New Delhi & Bhubaneswar is under consideration by the competent authorities, Notification will be uploaded on the AIIMS website www.aiimsexams.org subsequently.
