AIIMS MBBS Entrance Examination 2018: Important Advisory**

Dear Candidate

As you prepare to appear for the AIIMS MBBS Entrance Examination in May 2018 we wish you the very best.

We are aware of the hard work put in by each of you. Please appreciate that with the level of competition in this examination, even small differences in marks matter. Under such circumstances, it does not necessarily mean that those who unfortunately do not make it are incapable of pursuing a career in medicine. Just relax and give your best on that day.

We must inform you that to ensure strict confidentiality, integrity and fairness of any examination certain steps are taken right from the stage of registration. Many of these are in place to prevent unfair practices, such as impersonation, use of transmitting devices, sneaking in material into the examination hall for copying etc. The most deserving need to be selected and for every candidate who is unfairly selected there is another who has been unfairly pushed out of the competition. We therefore seek your assistance on the day of examination towards smooth-conduct of the examination. Please comply with certain requirements and co-operate during frisking. Those who do not allow to be frisked shall not be permitted into the examination centre. We assure you that these measures will benefit you who are honest, hardworking and have toiled tirelessly towards fulfilling your dreams and the aspirations of your parents, family and teachers.
