We are aware of the hard work put in by each of you. Please appreciate that with the level of competition in this examination, even small differences in marks may matter. Thus it does not necessarily mean that those who unfortunately are not selected are incapable of pursuing a career in medicine. Just relax and give your best on that day.

We must inform you that to ensure strict confidentiality, integrity and fairness of every examination certain steps are being taken right from the stage of registration. Many of these are in place to prevent unfair practices, such as impersonation, use of transmitting devices, sneaking material into the examination hall for copying etc. The most deserving need to be selected and for every candidate who is unfairly selected there is another who has been unfairly pushed out of the competition.
